ENHANCE Project at Gala EduManager.ro, Bucharest, 2017

The EduManager.ro Gala 2017 was a marathon which aimed to present the relevant achievements in Romanian education, including both at pre-university and university level. Over a period of approximately two hours, all attending organizations were mentioned and had the opportunity to present their relevant projects. The highlight of this year's edition was means to improve the quality of education in Romania under the slogan: "Excellence in Education".

The ENHANCE project was presented, highlighting its results in improving the quality of education of USAMV, competing at the category: "Running projects funded by European funds".

The jury was commissioned by specialized committees, with competencies for the categories that were evaluated, along with editors of the Edumanager.ro portal.

The Gala was preceded by the "Modern Management National Conference on Education", which provided participants with relevant information on: Digital applications and solutions dedicated to educational institutions, Innovation in education, Legislation: How and what to change in the Law on Education, Institutional Performance Management in Education, The Digital Class: The Class of the Future.

The ENHANCE project received a Participation Diploma and is expected next year with more and interesting results to compete for the first prize.
