ENHANCE Project at Gala Top Agribusiness, Bucharest, 2017

The 4th edition of the Top Agribusiness Awards, organized by the **Faculty of Management, Economic Engineering in Agriculture and Rural Development**, University of Agronomic Sciences and Veterinary Medicine from Bucharest, took place on **8 December 2017**, at Elisabeta Theatre. This event was supported by the companies present in the Romanian agribusiness: Aluti Agro, Monsanto, NetAgro, Pioneer, Syngenta, Timac Agro.

The media partners of the event were Agroiinteligența and Agrofinanciar.

The event was divided in two parts:

The first part of the event was dedicated to awarding prizes for the best agribusiness results:

- Aluti Agro awarded for constancy/consistency in the relationship with the company.
- Monsanto rewarded for full confidence in digitized agricultural technologies and the largest rapeseed production.
- NetAgro chose to rely on trust in applied research and its story of a successful agribusiness received a prize.
- Pioneer awarded for Openness to Innovation and Trust in Pioneer Technologies and Stable Performance in Sunflower Culture Using Pioneer Hybrids.
- Syngenta awarded for confidence in Syngenta Sunflower Technology.
- The Faculty of Management, Economic Engineering in Agriculture and Rural Development awarded the Next Generation - The Entrepreneur of the Future.
- A special award was granted by the Faculty in partnership with Pioneer for Technological Excellence and involvement in the education of the future generation.

During the second part of the event, there were presentations on topics of interest to farmers, and after this, a debate was held on agricultural land transactions and prices in Romanian agriculture.

At the end of the event, Prof. Toma Adrian Dinu, PhD gave a presentation where he highlighted the importance of the ENHANCE project in the improvement of the MIEADR staff's quality of education.
